

Our **Learning Journey** next term is going to be focusing on the digestive system and healthy eating. The children will be looking at how the Human body deals with different foods and also how this impacts on their health.

As **mathematicians** we will be learning about :

Length

Data Handling

Multiplication and Division

Fractions

Time : Analogue and Digital

As **readers** we will be focusing on checking that the text makes sense to us, discussing our understanding and exploring the meaning of words in context. The children need to remember to read at home daily and bring their reading record in to school, signed everyday.

As **Artists** we will be learning about architecture. We will be creating perspective drawings of buildings and a scaled model of the street from the book we will be reading.

Kensington Avenue Primary School

Year 4 Curriculum Letter

Are You What You Eat?

Homework Project

Research the Human digestive system and how it functions in our bodies. Investigate food chains and the diet of people in different parts of the world. How do these differing diets affect their health? What role do teeth play in digestion? What is good dental hygiene? Create an attractive project or model to show your understanding.

As **authors** we will be writing the next chapter of a story using the descriptive devices we have studying so far. We will also be using direct speech and learning how to punctuate it correctly.

We will also be creating non-chronological reports for our cross curricular topic that look at the digestive system and where our food comes from.

As **geographers** we will be learning about food from around the world and how it is produced.

We will also be investigating and describing the trade links that enable food from around the world to be sold in the United Kingdom, including Fair Trade goods.

As **athletes** we will be developing flexibility, strength, control and balance through our athletic sessions. We will take part in gymnastic routines involving different types of movement and patterns.

As **Computing Technicians** we will be using MS PowerPoint to present information in a dynamic slide show format. We will incorporate text, charts, graphs, sound effects and video into our presentations.

As **Citizens** we will be learning how to be a wonderful friend. We will also be focusing on Respect, Responsibility and Perseverance.
