

4th January 2021

Dear Parents and Carers,

Welcome to 2021 and a return to remote learning! We know at the moment that the current school closure is expected to last until the 18th of January. I am sure that you are watching the news carefully - as soon as we know anything different we will be in touch; the government has set a review date for 13th of January so we can update you then.

Until then, we are making sure that learning is available for pupils on line. Each class teacher will be loading work up on their class's Seesaw page. The website has this week and next week's home learning plans already uploaded for the work children can undertake at home. The link is here:

<http://www.kensingtonavenueprimary.co.uk/parent-information/useful-links/>.

The teachers will also be available through the day to give live feedback to children, they will be putting their times on their Seesaw page. These may vary across the day as we have tried to ensure that families with more than one child can speak to each class teacher.

It's definitely been a strange and challenging Christmas and start to 2021 but we are working hard to ensure that everyone can access learning. If you have issues with access to the internet we can offer some support to access Wi-Fi and hardware if you let either the office, or the class teacher know. The children all have their own work packs here at school and if these would be helpful for you at home they can be collected from the office if you let us know in advance.

Remember, if you have any concerns about helping your child learn or you need any other support from the school, please speak to your child's teacher or let us know by calling us on 0208 764 2923 or using the contact form on the website:

<http://www.kensingtonavenueprimary.co.uk/contact/>. The office will be able to direct you to the right person who can try and answer your query.

We will be organising FSM vouchers later this week for any pupils who are not in school and will let you know when the vouchers will be available. If your circumstances change and you think you are entitled to Free School Meals then you can check using the following link: <https://www.croydon.gov.uk/education/schools-new/free-school-meals>.

Happy New Year to Everyone!

Best wishes

Clare Cranham
