

I live a long way away.

Drive 3\4 of the way to school and walk the rest of the way.

I don't have time!
I'm busy.

Try to leave earlier so you don't rush when you go to work and you won't be late.

Why walk to school?

- If you walk to school it will be excellent for your health and metabolism.
- Walking would also help with increasing your child's strength and stamina .
- Cars pollute the world with Global Warming.

Why Park Safely?

Children need space to get out of cars safely.

Young children are crossing the road and need to be able to look both ways.

It is illegal to park on the zig-zag lines at the start and end of the school
